Rick,

Just to be clear, this request was also intended to include the on-site landfill disposal option.

Rick

Subject: RE: Closure Cost Option Report for Dynege Vermilion

Rick,

Thank you for following up on that request. Can Dynege/Santec provide detail on the data and assumptions that were utilized for arriving at the various closure cost estimates.

Sincerely,

Rick Cobb

Subject: [External] RE: Closure Cost Option Report for Dynegy Vermilion

Rick,

Since there is insufficient land at the Vermilion site we did not consider the cost of an on-site landfill.

EXTERNAL EMAIL

Rick,

Did Dynegy also consider the cost option of an on-site landfill?

Rick
