

Tree Injury Report Form – Page 1

Date _____ of _____

NPTR NPTR: *Number/letter information is for data collection (NPTR) and will remain private. While we handle information with the confidentiality of personal information we do not include the number information with our national database NPTR publicly available.*

Observer: First Name _____ Last Name _____
 *Address _____ *City _____ *Zip _____
 *Phone _____ *e-mail _____ Date _____ *Witness Name _____
 Site ID _____ Subsite _____ **County _____
 *Initial Visit Planned? ☐ Yes ☐ No *Visit # _____ % ☐ Check if GPS not used; see page 2
 **GPS (Lat/Long) in Decimal Degrees: N _____ W _____

Species and Injury Observed: At least one indicator symptom (**bolded**) under symptoms must be present (checked), otherwise injury is "U" (see instructions for exceptions). If multiple species are affected, data from at least two plant families (e.g., oak, redwood) are preferable. Use back of form and notes to record additional affected species.

	Species 1: photo? Y/N	Species 2: photo? Y/N	Species 3: photo? Y/N
common (or scientific) name			
age(s), if observed			
% foliage affected (1, 2, 3, or 4)			
avg. % range of injury: box-1: (0-25)			
characteristics - mark "Y" or "absent"			
leaves: rolled/cupped			
underway/leaves down (upside up)			
irregular margins			
staggered			
tattered			
teethed and/or deformed			
veins: bleached and/or parallel			
discrete, elongated, rolled or forked			
deformed & growth suppression			
leaves: chlorotic (yellowed)			
neovascular (brown/black areas)			
2" growth			
limbs, epicormic branching			
dieback			
death			

Notes: (other affected species, etc., use guidelines) _____

*Layers: Check for affected layers, unless through if layer is absent ☐ Overstory ☐ Understory ☐ Ground layer

**Geographic Extent of Observed Injury (check and complete only one with "best fit")

- ☐ [LARGE, > 1 acre] Type: _____ (e.g., upland woodland, large park) Approx. acreage: _____
- ☐ [MID, < 1 acre] Type: _____ (e.g., yard, school, park) Approx. # trees affected: _____
- ☐ [SMALL] Type: _____ (e.g., fence-line, edge of woods) Approx. length: _____ (indicate ft or miles)

*GPS/GNSS, Injury Patterns and Leaf Data: See guidelines record patterns and leaf data on Page 2 of form.
 Items marked * = complete only once per site visit. Items marked ** = complete only once per site.
