

Tree Injury Report Form – Page 1

Sheet _____ of _____

Important Note: Checkboxes/checkbox information is for data verification (YES) and will remain private. Write true health information will be shared publicly, all personal information and detailed site location information will be coded and therefore NOT publicly visible.

Observer: First Name _____ Last Name _____
 *Address _____ **City _____ **Zip _____
 *Phone _____ **e-mail _____ *Date _____ **Witness Name _____
 Site ID _____ Subject _____ **County _____
 *Initial Visit Planned? ☐ | yes ☐ | no **Visit # _____ ** ☐ check if GPS not used, see page 2
 **GPS (Lat/Long) in Decimal Degrees: N _____ W _____

Species and Injury (Observed): At least one indicative symptom (**bolded**) under Symptoms must be present (checked), otherwise injury is "0". If multiple species are affected, data from at least two plants (species (e.g., oak, redbud) are preferable. Use back of form and notes to record additional affected species.

	Species 1 - photo? Y/N	Species 2 - photo? Y/N	Species 3 - photo? Y/N
common (or scientific) name			
approx. # observed			
% foliage affected (0, 25, 50 or 100)			
ang. & range of injury (leaf) (0-100)			
injury type - check "y" if present			
girdling, notch/suppression			
dieback/split/uptake down (exposed)			
irregular margins			
drooping			
bolting			
bulked and/or deformed			
extreme bleached and/or parallel			
bleached, elongated, rolled or bent			
deformed & growth suppressed			
girdling, dieback (yellowed)			
scorch (brown/black areas)			
lentic growth			
leafy, epicormic branching			
chuck			
death			

Notes (other affected species, etc., see guidelines) _____

*Layers: Check for affected layers, or leaf through if layer is absent: ☐ Overstory ☐ Understory ☐ Ground layer

**Geographic Extent of Observed Injury (check and complete only one with "best fit")

- [] (100%) > 1 acre Type _____ (e.g., upland woodland, large park) Approx. acreage _____
- [] (25-100%) 1 acre Type _____ (e.g., yard, school park) Approx. # trees affected _____
- [] (25-100%) Type _____ (e.g., fence line, edge of woods) Approx. length _____ (indicate from miles)

*GPS/Maping, Injury Patterns and Land Use: See guidelines, record patterns and land use data on Page 2 of form.

Items marked * = complete only once per site visit Items marked ** = complete only once per site
